On behalf of the Performing Arts Branch of Alberta Culture and Multiculturalism, I am pleased to introduce the Directory of Alberta Stage Managers to our arts community.

By providing design and printing assistance to complement the extensive research and data which the stage managers collected for this directory, the branch takes another step toward a growing partnership with the performing arts community.

For producers and stage managers alike, this unique directory displays the wide array of talent available in our province. It underlines our commitment to the mutual goal of increasing awareness and opportunity for the arts in Alberta.

Spread the word. Let your colleagues know this valuable resource is available. With its assistance, may you all achieve many smooth-running shows.

Clive Padfield
Director, Performing Arts Branch
Culture and Multiculturalism

Welcome to the Directory of Alberta Stage Managers, a listing of Equity stage managers working in Alberta. This is the first detailed directory of professional stage managers ever printed in Canada.

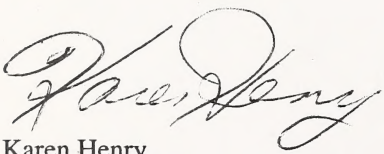

Theatres pay as much attention to the hiring of stage managers as they do to the casting of performing roles. Because there are relatively few trained stage managers in Alberta, it is often difficult to find a person with experience in a particular genre of theatre who is also available for a specific time period. This directory is a valuable resource in the search for the appropriate stage manager.

Community and educational theatre organizations will find the directory useful in locating resource people to help them develop the technical support for their performing arts programs.

Working stage managers will use the directory for networking and professional development. Future stage managers will find the directory helpful in contacting role models.

If you would like to be included in future directories, or if you have comments or suggestions, please complete the form at the end of the directory and forward it to Alberta Culture and Multiculturalism.

Thank you to the Performing Arts Branch of Alberta Culture and Multiculturalism for making the Directory of Alberta Stage Managers possible.

HOW TO USE THE DIRECTORY

This directory is organized in two parts. The first section is an alphabetical listing of stage managers. Each entry includes name, address and at least one phone number. There is also a list of memberships held by the individual, selected resume details and other related skills. The memberships and skills appear in abbreviated form.

The second part lists stage managers with specific work experience, i.e. opera or theatre for young audiences. A "T" appears beside the names of those stage managers who have had touring experience in each listed area of expertise. There is also a regional listing and contact list of all stage managers at the end of the directory.
